

Doctor-Patient Portal

DOCTOR-PATIENT PORTAL

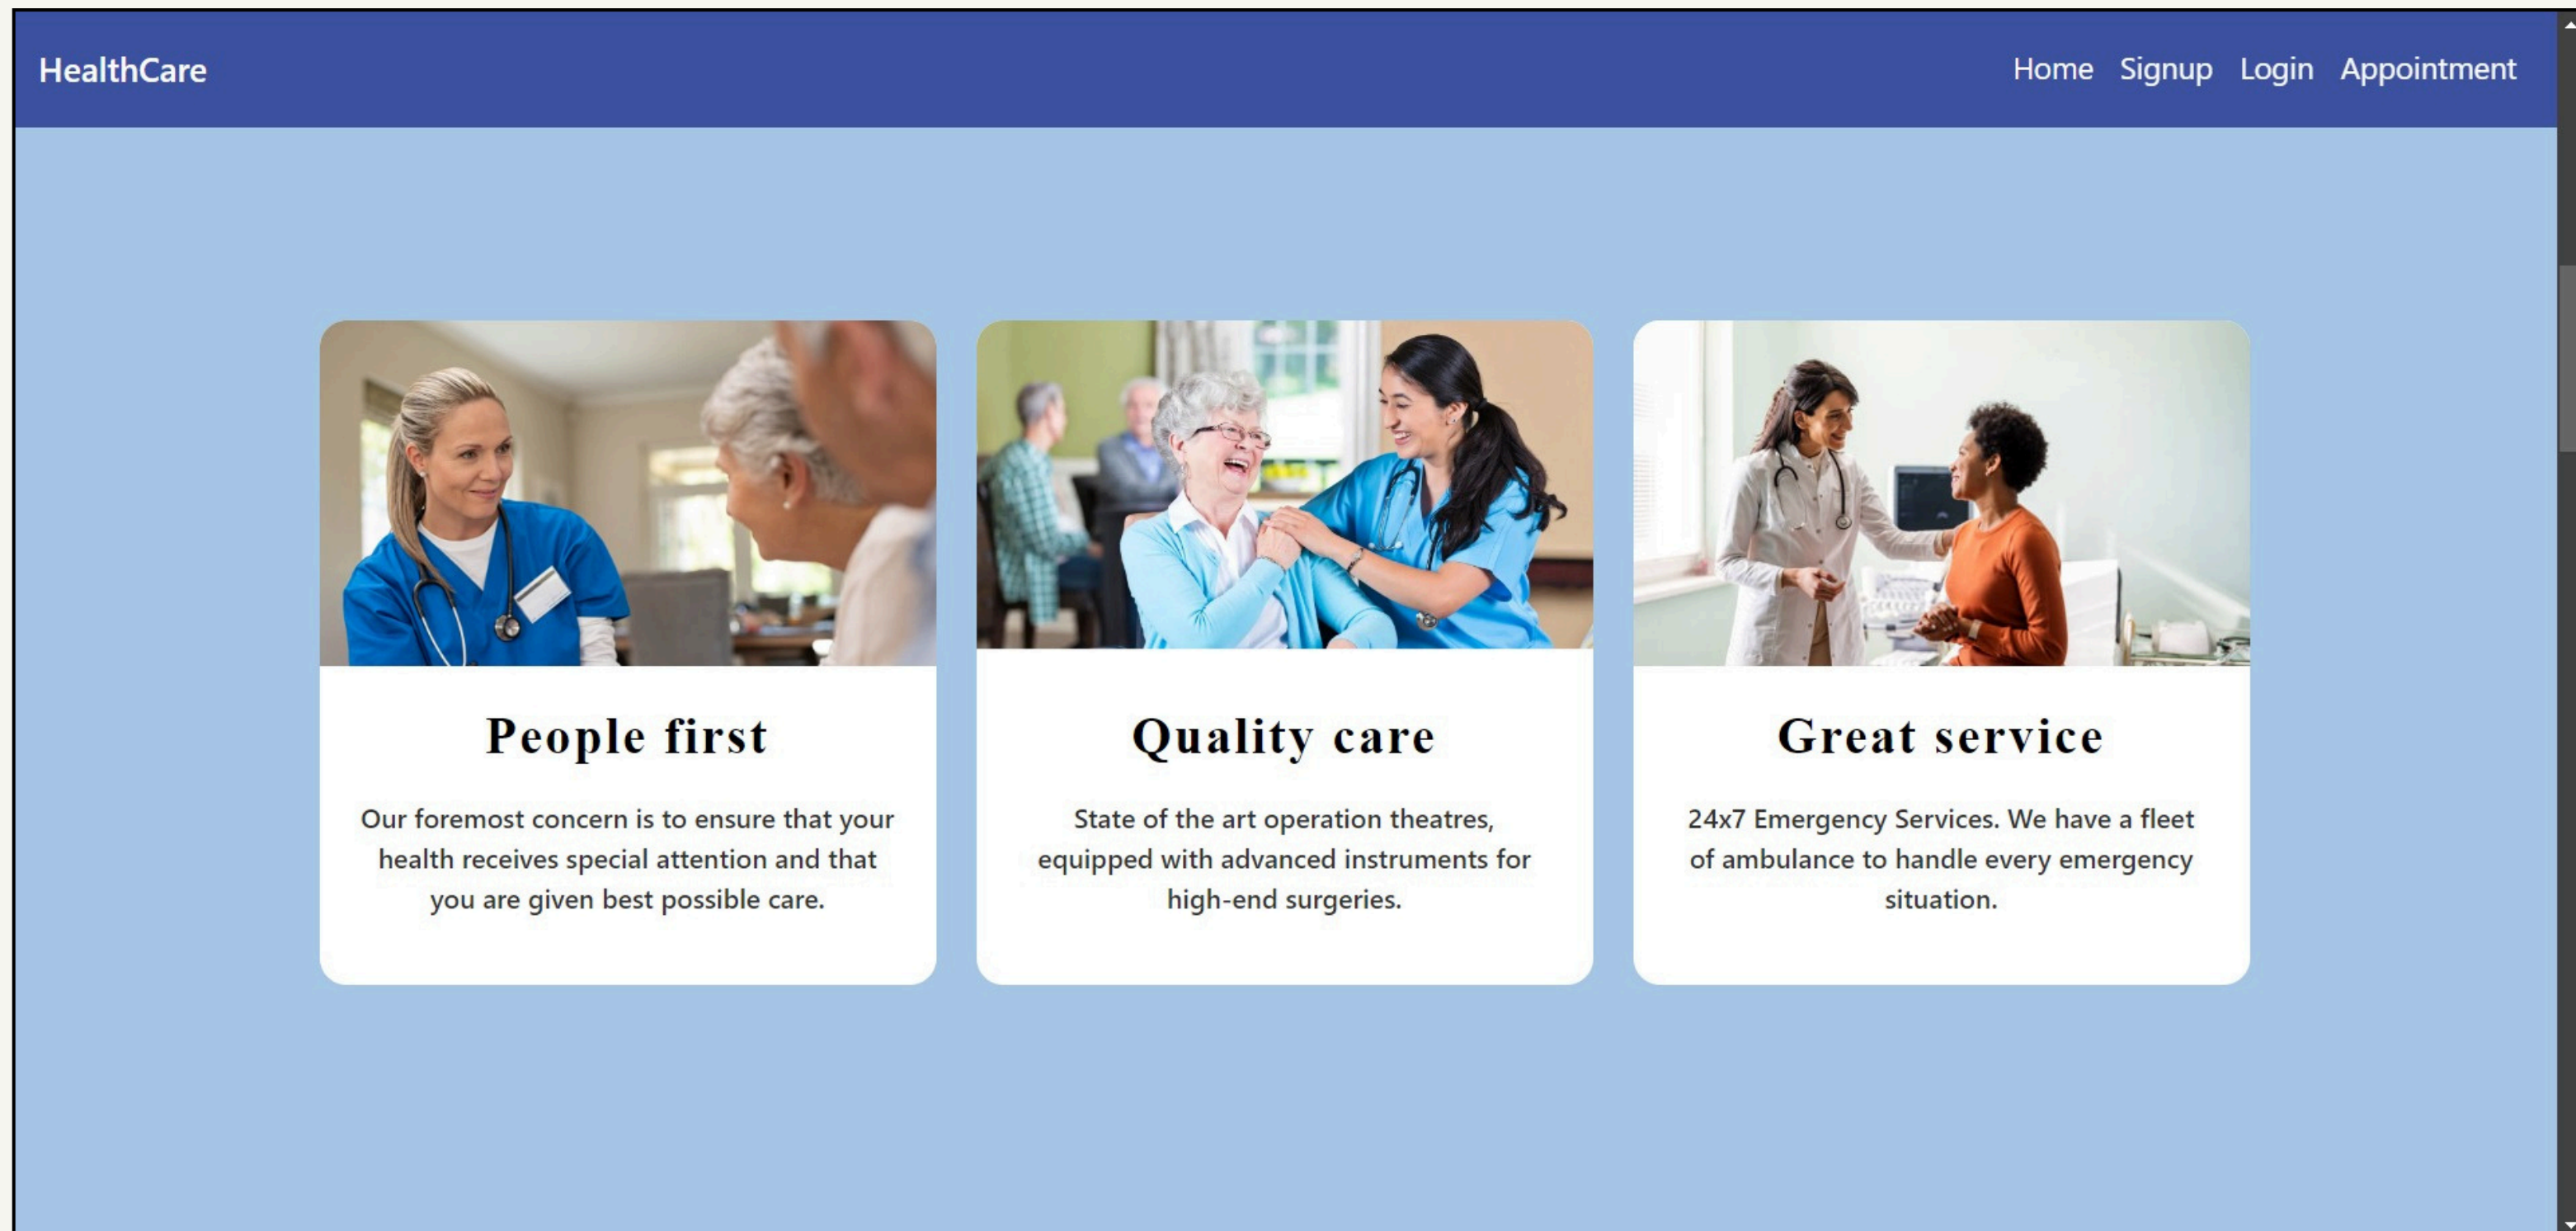

The Doctor Portal is a lightweight web platform designed to enhance healthcare management with essential features:

- Home Page: Welcomes users with a brief overview and easy navigation to key sections.
- Dashboard: A control panel for doctors to manage appointments, view patient information, and track schedules.
- Appointment Booking: Simple form for patients to book, modify, or cancel appointments effortlessly.

This portal reduces administrative effort, ensures efficient appointment handling, and offers an intuitive interface for both doctors and patients to manage interactions smoothly.
